| <p><b>NOTE: Upgrade price difference reflects replacing the comparable "Default" fixture with an upgrade fixture (e.g. comparing default ceiling fan to upgrade ceiling fan, NOT comparing ceiling fan upgrade to light-only fixture). Also, most ceiling fan blades have two color options (one side of blade typically light color, opposite side typically darker color). For more information on all fixture examples, visit <a href="http://www.lowes.com">www.lowes.com</a> and search for "Item #" desired.</b></p> |        |   |  |  |           |     |
